

Servo Carry-Off Conveyor System

FOR RAGSDALE & STANDUN STYLE BODYMAKERS

- No manual timing; more accurate timing
- Eliminates drive-shaft on operator side

OKL'S SERVO CARRY-OFF CONVEYOR SYSTEM

OKL's Servo Carry-Off Conveyor System eliminates the PTO Shaft and related Gearboxes when used in conjunction with our Servo Cup-feed units.

- Smooth operation
- Allows for better access/lower guard profile
- Auto-disable for easy inspection
- Simple and quick installation
- Included encoder mount replaces gearbox
